FrameMount Tanks

F E A T U R E S

The FrameMount series of tanks offer a simple solution to adding liquid to mobile vehicles. The tanks round design offers greater strength than conventional square and rectangular tanks which means less bulging and better stability.

The FrameMount series of tank come standard with mounting system and have a variety of options for both hydraulic and electric pump drive options.

- **Extra-Heavy Duty Tank**
Able to accurately apply high specific gravity liquids.
- **High Density, U.V. Stabilized, Polyethylene Plastic**
Exceptional protection from sun deterioration for extended life.
- **Extra Large 5" Vented Fill Cap**
Allows easy access to tank for maintenance, service and top filling.
- **Splash Proof Vent**
Prevents spilling associated with liquid sloshing.
- **Optional Stainless Steel or Powder Coated Carrier**
Pre-engineered mounting system fits most popular truck frames.
- **Stainless Steel Strapping**
Corrosion proof material for easier maintenance and longer life.
- **Bulkhead Tank Connections**
Service connectors easily with replaceable parts.
- **Molded Gallon Markers**
Easily read tank level without electronic measurements.
- **Year Round Use**
Use for liquid applications in all seasons.
- **Suction Filter Cartridge Standard**
Protects pump for added life.
- **Available in 35, 65, and 100 Gallon Capacities**

FrameMount Tank
65 Gallon
